FORMER HUSBAND OF AMELIA RIVES SPENDS TIME ON COM-PILATION OF STATISTICS.

After Four Years of Confinement in Asylum He Escapes Under Most Sensational Circumstances.

Richmond, Va., Oct. 17,-After several years of silence, John Armstrong Chanler, the former husband, cal of Amelia Rives, is about to come to the front again with publications and legal proceedings which are likely to be sensational. He announces that he has in press and will begin to distribute the latter part of this week a book of one thousand pages which is said by those who have seen it to be a marvel,

It will be remembered that Chanler is a member of an old and wealthy New York family and a descendant of the original Astors. He has about \$1,000,000 in his own right. A number of years ago he was incarcerated in the Bloomingdale asylum, New York, as a lunatic. After four years of confinement he escaped under most sensational circumstances and disappeared, Finally he reappeared suddenly in Albemarie county, West Virginia, where he had married Miss Rives, author of the 'Quick and the Dead," from whom he was afterward divorced. She is now Princess Troubetsky.

Chanler is a lawyer and has deroted himself during the last five years to acquiring a wonderful fund of information and precedent on the lunacy laws of the world. He has Prewitt, Mr. Prewitt some time ago given special attention to those of New York.

Chanler is in the extraordinary and probably unprecedented position of being socially and legally a lunatic in his own State, New York, and unable to return without danger of arrest and incarceration, and being deprived of control of his own property, which is in the hands of a committee. In Virginia, North Carolina the united committee's ticket and and elsewhere in the country he is a Mr. Prewitt wants to know why Mr. free man, going and coming as he pleases, and is regarded as fully sent the policy-holders, was removed competent to manage his affairs according to formal judgments of was made up the Mutual Life Insurcourt.
